COMMISSION would inform the patriotic, the philanthropic and Christian men and women of the country, of its work and its wants.

It cares for the body and the soul, as did Christ when on earth. By its delegates, who go without pay and from love, hospital stores, home comforts and reading matter are given directly to those who need them, together with such personal ministrations and religious instruction as each case may require—and the Gospel is preached at every opportunity.

In the hospitals, on the battle-fields, and in the camps of the strong and brave, the delegates are well-under have, in the judgment of those well-informed, saved thousands of lives, and been blessed to the conversion of thousands of souls, besides raising the morals of the army and strengthening the links that bind the soldier to his home. THE UNITED STATES CHRISTIAN to his home.

It has the confidence of the Government and all the facilities from it that military exigencies

all the facilities from it that military exigencies will allow.

Its ariairs are managed by business men who give their services. Railroads and telegrams are free to it; the Bible Society gives its publications; but relayous reading matter must be purchased, and the demand is far beyond the ability of the Commission to meet it.

The words of the Commission are men to go as delegates; stores to be distributed by them—Money to purchase reading matter.

The aim is to have ne large business in the Treasury, but to do at all times what the current contributions shall allow, there being no extensive and complicated system of agencies that a change would seriorisly affect.

In New England, money may be sent to Joshum Strony, 112 Tremont Street, Stores to L. P. Row-LAND, 5 Tremont Temple; Letters to Changes DEMOSO, 4 Court Street, all in Boston.
